MEMORANDUM FOR: Deputy Director of Central Intelligence
 FROM : SA/IA
 SUBJECT : Today's Meeting on Scope of Soviet Export Sanctions

1. As you know, we have just received the agenda and background papers for today's meeting. They call for decisions on various aspects of the sanctions question. ~~Because of the short deadline to get your material down to you, I have no written comments in this package. I have, however, passed copies of the paper to the DCI, [redacted] and the Global Issues people in DDI. I have invited [redacted] and the Director to call you directly if they have any comments worth passing on. If I get anything from the DDI, I will call you as well.~~

2. The other material in the package is largely current reporting on the situation in Poland which was about all we could pull together before we knew what the thrust of the meeting would be. I have also included this morning's developments on a couple other topics of continuing current interest.

3. Point 4 of the agenda deals with possible longshoremen boycott of grain shipments. I am sending down to you the material I have on file for the meeting you attended on the 19th on the grain embargo subject.

4. I hope this last-minute scrambling will prove to be useful to you.
